EXPERIENCE

Java Full Stack Developer
Cetpa Infotech Pvt. Ltd. 07/2024-Present

Description:- Doing an intensive training program focused on Full Stack web development, covering both front-end and back-end technologies.

Key Technologies Covered-HTML, CSS, JAVASCRIPT, REACTJS, TAILWIND CSS, JAVA, MY SQL

Full Stack Web Development
Unified Mentor Dec/24 - Feb/25

- Collaborated on three diverse projects, demonstrating adaptability and teamwork in a fast-paced environment.
- Successfully applied learned concepts to practical challenges, ensuring timely and efficient project delivery.
- Enhanced problem-solving, communication, and technical skills through hands-on project execution.

SUMMARY

Motivated and creative Web Developer with a strong foundation in front-end technologies, including HTML, CSS, React.js, and animation libraries like GSAP and Three.js. Proficient in modern design frameworks such as Tailwind CSS and Bootstrap, enabling the creation of visually appealing, responsive, and user-friendly web applications. Passionate about crafting interactive experiences and leveraging the latest tools to build dynamic, performance-driven websites. Eager to contribute innovative ideas and technical skills to a collaborative team environment while continuously learning and growing in the field of web development.

PROJECTS

Calculator:

- Developed a dynamic and responsive calculator using HTML, CSS, and JavaScript.
- Applied HTML for Structuring calculator.
- Applied CSS for a clean, user-friendly interface, enhancing overall User Experience
- Leveraged JavaScript to manage logic, input validation, and real-time calculations

Apple Website:

- Designed and developed a visually dynamic and interactive Apple website clone using React.js. Employed GSAP for smooth animations and Three.js for 3D content, ensuring a responsive and user-friendly experience across devices.

Weather Application:

- Implemented a real-time weather app using HTML, CSS, JavaScript, and API integration.
- Styled a responsive UI using CSS to ensure seamless experience across devices
- Utilized JavaScript to handle API requests, process JSON responses, and update the DOM for seamless data rendering.
- Designed a responsive and user-friendly interface with dynamic updates of weather conditions like temperature, humidity, wind speed.

Salesforce Clone:

- Developed a Salesforce clone using HTML, CSS, and Bootstrap, implementing responsive UI.
- Created features like dashboards, forms, and data tables for simulated CRM functionality.
- Focused on user-friendly design and layout optimization.

Personal Portfolio:

- Currently developing a dynamic and visually engaging personal portfolio using React.js, Three.js, and Framer Motion.
- Implementing 3D graphics and animations with Three.js to create an interactive user experience.
- Utilizing Framer Motion to add smooth transitions and micro-interactions for enhanced user engagement.
- Showcasing technical skills, creativity, and a strong understanding of modern web development practices

CERTIFICATION

- Completed Developer and Technology Job Simulation with Accenture
- Completed Success Mindset with HP Life
- Completed Technology Software Development Job Simulation with Citi
- Completed JavaScript Course with KG Coding
- Successfully Completed 2 months of Internship with Unified Mentor
- Completed ReactJS Course with KG Coding
- Completed Masterclass of Excel with CETPA Infotech Pvt. Ltd.
